

# Time Matters Legal Software – Enterprise Edition Implementation 9.0

## **ORGANIZATION**

**Department of Conservation, State of California**

The Department of Conservation provides services and information that promote environmental health, economic vitality, informed land-use decisions and sound management of our state's natural resources.

## **CHALLENGE**

The Department of Conservation (DOC), State of California maintains a Legal Office consisting of legal counsels and their support staff. They used multiple tools to communicate, schedule, track casework and maintain documents, but were looking to implement a single robust tool which will combine these functions. For this purpose the DOC purchased the Enterprise Edition of Time Matters v9.0 software. This is a Commercial-Off-the-Shelf (COTS) product that was not in use in this department.

## **SOLUTION**

Radian provided Time Matters 9.0 Certified Independent Consultant services to provide on-site installation, customization, testing, implementation and training services for this application. Radian offered the following services:

- Deployment in test and production environment,
- Customization of the Time Matters to meet departments requirements,
- Deployment of Time Matters in live environment, and
- Providing training and documentation for designated DOC staff.

## **SOLUTION PLATFORM**

**Time Matters Legal Software  
Enterprise Edition 9.0  
Microsoft SQL Server 2005**
